I Believe.....

The following words were discovered scrawled on a wall in the basement of an eastern European house, where a Jewish man hid for 4 years from the fascist government agents who sought to arrest him.

I believe in the sun, even when I cannot see it.
I believe in love, even when I don't feel loved.
I believe in God, even when God is silent.

Let us give thanks that we are living in a country where we can see the sun, feel loved, and hear and rejoice in the Word of God. Let us give thanks for the people who made and make this freedom possible. Acting on your convictions matters. Faith matters. Believing matters.
